2) Part Time Staff Member

A staff member who works 0.5 FTE or more will receive a monthly salary based on their FTE rate. All the benefits as listed above for a 1.0 FTE on a 2 year term will be provided on a pro rata basis according to the time worked. All benefits are paid according to the fraction of time your work, i.e. a 0.7 FTE will receive 70% of the benefit of the benefit granted to a full time employee. For couples who are both serving at HOPE this will also be prorated on; base, airfare, longevity increment, professional development, longevity exit and furlough.

A staff member who works less than 0.5 FTE will be paid on an hourly basis with no other benefits provided. The hourly rate depends on the position description and experience of the candidate. This does not apply to the second member of a couple who is already serving at HOPE. They are calculated as 1.0 FTE and additional (i.e First staff member at 0.8 FTE + Second staff member at 0.4= 1.2 FTE).
