

## Using Adelfi for payments to HOPE School

Dear HOPE Community, please find below the information to make payments to HOPE's Adelfi (formerly ECCU) Bank Account in the U.S. Domestic ACH transfers typically have no fees, while wire transfers typically cost between \$20 and \$60 per transaction. Check with your bank for their payment methods and associated fees. Please make your payment in U.S. dollars.

Account Name:	<b>HOPE International School</b>

Account Type:	<b>Checking</b>
Name of Bank:	<b>Adelfi</b> (formerly ECCU)

Adelfi does not accept international wires directly. When sending international wires, Adelfi recommends the international bank decide how they want to route the wire to Adelfi. International banks normally have relationships with a U.S. bank or an international intermediary bank that can route wires to the U.S, and the above information should be sufficient for them. If you need further assistance with your international wire, please call Adelfi at 1-714-671-5700 x 1596.

In the reference or memo field for your payment, please include your invoice number(s) and your family's Sycamore code (3 letters followed by 4 numbers found near the top left of your invoices) so we can correctly allocate it to your account.
